

## 18.3 Configure Password Security

### 18.3.1 Export GUID File

The GUID file may help you to reset password when you forget password.

**Step 1** Select to export GUID file when you are activating the device, or editing the admin user account.

**Step 2** Insert the USB flash disk to your device, and export the GUID file to the USB flash disk.

 **NOTE**

Please keep your GUID file properly for future password resetting.

## 18.3.2 Configure Security Questions

The security question configuration may help you to reset password when you forget your password or encounter security issues.

- Step 1 Click **Security Question Configuration** when you are activating the device, or editing the admin user account.
- Step 2 Select three security questions from the drop-down list and input the answers.
- Step 3 Click **OK**.

Security Question Configuration
